Louisiana Propane Gas Association Member Benefits

- **Safety Programs** - LPGA members may take advantage of propane safety training offered through the LPGA, all at reduced prices.
- **Louisiana Propane E-Newsletter** – Members receive LPGA’s monthly email e-newsletter, which includes information on safety, legislation, upcoming events and other pertinent information to the propane industry.
- **Advertising Discount** - LPGA members receive a discount over non-members on advertising in the LPGA e-newsletter. Advertising in the LPGA e-newsletter is an efficient and effective way to get your message to those in the Louisiana Propane industry!
- **Scholarship** - Every year, the NPGA awards a \$1,000 scholarship to a child of an employee, spouse of an employee, employer, owner or officer who is currently working in the propane industry and has been employed for no less than one year, and whose company is a member in good standing with the Louisiana Propane Gas Association. The scholarship is awarded to a graduating high school senior planning to enroll in college or a student currently enrolled in an undergraduate or graduate program. The scholarship funds are to be used towards tuition, books, or room and board expenses.
- **Propane Lobbying** - The LPGA is dedicated to achieving a favorable regulatory climate for the propane industry. The support of LPGA members helps make things like this happen:
 - (1) The LPGA took the lead in proposing a reduction of the assessment charged to all propane dealers in the state. After extensive research, it was determined that, due to the increased price of gas, the current fees would far exceed the needs of the commission. The LPGA proposed a plan that would have reduced the fees by 15%. After extensive negotiations, the commission finally agreed to a 7.5% reduction which EVERY propane dealer in the state now enjoys.
 - (2) During the 2008 2nd Extraordinary Session, the LA legislature amended the law allowing for the removal of state sales taxes from the sale of propane to now include ALL persons not be limited to consumer / residential use only.
 - (3) LPGA Recently Fought Sales and Income Tax increases on Business.
 - (4) LPGA continues to fight for tax credits on the state and federal levels to make propane and propane autogas affordable choices for consumers. Our efforts over the years have saved dealers literally hundreds of thousands of dollars.
 - (5) LPGA works with the state LP Gas Commission to ensure that regulatory issues are consistent, viable and necessary for the safe and efficient application of propane for all venues and purposes.
- **Other Reasons to Join:**
 - Ignorance is no defense--The Commission will soon begin efforts to enhance their crackdown on illegal and unsafe activity. LPGA works with NPGA to ensure that the Certified Employee Training curriculum and the CETP Certification Program maintain the highest degree of training available in the propane industry.
 - Unparalleled networking opportunities—From Propane Days and the world-famous Southeastern Convention and International Expo to local Board meetings and multi-state conventions, an LPGA membership offers the greatest opportunities to meet, share ideas and catch the latest in propane technology.
 - We need you! Quite frankly, our voice is stronger when EVERYONE participates.

Total Investment & Savings: Priceless!

Louisiana Propane Gas Association Advertising Information

Please be advised the e-newsletter will be digital only.

(All prices are net amounts)

<i>Size:</i>	<i>Prices (member/nonmember):</i>
Full Page	\$350 / \$550
